

## Temporary Street Closures

**Dear Fellow Residents of Merrickville:**

### **Thanks For Your Patience and Co-operation**

On **Saturday, April 27, 2019**, our village will host the fourth annual *Merrickville Heritage Classic*. The event, aimed at encouraging physical fitness, is comprised of three separate running routes that incorporate various streets in and around the village.

The races begin at 8 a.m. starting at the Merrickville Community Centre. The finish line is also located there.

For public safety certain streets will be closed between **7:30 a.m. and 10:30 a.m.** We realize that any street closure is an inconvenience, but we are asking for your co-operation. Streets will be re-opened on a rolling basis as soon as the last runners pass each checkpoint. Streets affected by the later time will be in the vicinity of the Community Centre.

### **Traffic Flow through the Village of Merrickville:**

Traffic will continue to flow on a north/south or south/north route through the village of Merrickville via a controlled traffic diversion route at Elgin Street. The volunteers at the barricades along the route will advise any motorists the running route can be crossed at Elgin St. and give directions to the crossing point

For more information on the Merrickville Heritage Classic, the Diversion Route and to view complete route maps, please visit [www.run-merrickville.ca](http://www.run-merrickville.ca).

Thank You!
